Truckmen Set Relay Point Midway Eureka And Bay

IS TO ASSIST WILLITS

Some Of 40 Drivers To Make Home At Northern City

Special Correspondence of The Press

WILLITS, Nov. 25.—There are two kinds of fish stories—true and the other kind. Sunday Dr. G. A. Schmidbauer and J. K. Cameron were fishing near Dos Rios and the Doctor caught a 17-pound salmon with hook and line and brought it home and had it on display for evidence. The branches of Eel river are said to be full of fish and numerous splendid catches are reported.

Making A Canvass.

The annual Red Cross drive is now in full swing and a house to house canvass is being made. The call this year is more urgent than usual for the wars in Europe and Asia have made much suffering. Fifty per cent of all money collected is for national need, some of it is spent locally. The largest outside contribution this year was to Britain, which received $5,000,000 so far and more is to follow. Headquarters also report 4000 Red Cross nurses will be assigned to duty in our new U. S. army and will be in service by July next year. Miss Nellie Wolff is local chairman and has appointed a number of canvassers. Contributions may also be made at most of our places of business.

Felt A Quake.

A light earthquake was felt here Tuesday morning. It was strong enough to jar windows and rattle dishes. Swinging chandeliers were plentiful but no damage was done.

Pair Of Mishaps.

Two auto accidents took place on the highway Wednesday due to wet and slippery pavement conditions. Leland Cureton crashed broadside into a tree five miles south of town and wrecked his machine and received two fractured ribs and numerous bruises. Not far from this place and hour, Dr. and Mrs. A. Smith, of San Francisco, slid off the pavement and down a 40-foot

MEN SILENT AS TO THE FIGHT

CCC Enrollee Alleged To Have Been Killed On Coast

A murder probe looms at the Russian Gulch Civilian Conservation Corps camp near Fort Bragg as the aftermath of the death in a Sacramento hospital Thursday night of Anthony Sylvester, 19-year-old enrollee.

Hurt In Fight.

Mr. Sylvester's death from unannounced causes came two days after he was removed to the hospital from the Mendocino coast camp. CCC officials at Sacramento said they had no information as to the cause of the youth's death. Dr. C. H. McDonnell, Sacramento county surgeon, said he would perform an autopsy. From a CCC attache, Sacramento officials learned Mr. Sylvester had suffered injuries in a fight at Russian Gulch camp the preceding Sunday.

Will Not Talk.

Local officials are said to have been handicapped by the disinclination of any of the men to talk about the fight. It seemed as if there was a pact among the witnesses by which they would not reveal who was responsible for the killing.

Mrs. Harwood is the former Delva York, of Ukiah.

SWINDLER HERE WAS ARRESTED

Santa Rosa Officer Apprehended Man Wanted Locally

(Santa Rosa Republican)

Accused of victimizing several Mendocino county contractors through an assertedly fraudulent "house plan" advertising scheme, Charles Thomas Kingsley, 36, of Sacramento, was arrested in Santa Rosa Thursday night at the request of Mendocino officers.

He "Sold Plans."

Mr. Kingsley was arrested as he entered the Santa Rosa city limits by Officer Joseph Jackson, of the California Highway Patrol. He was later booked at the sheriff's office here, "enroute to Ukiah."

Contractor Was Suspicious.

According to Mendocino officers, Mr. Kingsley sold his advertising plans to several contractors, inferring he had been sent to them by A. Closs, reputable Ukiah builder. He had checks made payable to Mr. Closs, then went to the Closs home last night and asked the contractor to endorse them over to him. Mrs. Closs, who talked with Mr. Kingsley, became suspicious and notified officers. The salesman was traced to a Ukiah service station, where Mrs. Closs was given several of the checks and some cash. Mr. Kingsley then sped south and his arrest followed here.

CITY'S LIMITS MAY GO SOUTH

Vote Is Being Taken On The Plan At This Time

The Ukiah Chamber of Commerce has sent out letters to property owners outside the southern city limits, asking they state whether or not they desire their property to be taken into the city limits, under the proposed annexation plan.

Appear To Favor It.

It is requested the answers be returned promptly, that the results of the "information poll" be made known as soon as possible. So far, in the replies received, it has been found most property owners favor the idea of being taken into the city limits. However, the Chamber of Commerce wishes to make it clear this is one poll in which the majority will not necessarily rule. Those who wish to have their property included in Ukiah's limits will be permitted to do so, but property owners who are against the move will not be forced to fall in line with the annexation plan. Boundaries will be drawn to include or exclude property from the city limits according to the wishes of property-holders.

They Are In The Army Now For Sure

William Fratis, Jr., of Fort Bragg, and Frank E. Baroni, of Caspar, have been selected by Draft Board 12 to fill the first selective service quota from the Mendocino coast area. They left Saturday morning for San Francisco, to report for induction at Mission Street Armory.

Harold La Porte was here from Vallejo the past weekend.

AUTO LICENSE TIME IS NEAR —WHAT LAW IS

You Will Not Be Advised This Year To Pay Up

METHOD HAS CHANGED

Amount You Owe Appears On Your '40 Registration

Automobile owners seeking 1941 license plates will not be notified this year by postcard of the amount due in vehicle license and registration fees as in previous years.

How To Find Out.

The total amount due is indicated on the lower left hand side of the 1940 registration card, the Department of Motor Vehicles announces, and it will be necessary only for the motorist to submit this card with the amount of the fee when the application is filed.

When It Starts.

The renewal season will begin January 2 and end February 4. Plates may be obtained at any branch office of the department or authorized motor clubs.

Data Is Given.

The amount of the total fee due in 1942 will be indicated on the registration card the motorist receives in 1941.

Watch Your Title.

Persons owning motor vehicles upon which there is any question relating to title or transfer are advised to go at once to the nearest plate issuing office to determine what procedure will be necessary for them to obtain a California license. This particularly applies to persons operating vehicles registered in other states.

LUMBERMAN IS TO SAVE SIGHT

Head Of Mendocino's Mill To Escape Blindness

Eaton Grimes, in charge of operations of the Mendocino Lumber Co. plant at Mendocino, while hunting in the Sacramento valley during the pheasant season, was struck in the eye by a piece of shot and for a time, it was feared, would lose sight of one of his eyes.

Sight Impaired.

It is now given out by the specialist who attended the lumberman, sight of the optic will not be lost, but the sight may be expected to be impaired.

How It Happened.

Of the case The Mendocino Beacon says: Mr. Grimes was hunting in the Sacramento Valley, near Willows, when a pellet from a shotgun hit him in the eye. Mr. Grimes was immediately rushed to a Sacramento hospital, and first reports were to the effect the eyeball was punctured and he would lose sight of the eye. Later reports were much more encouraging, and at the present time, Mr. Grimes can see a little and his doctors hold every hope of saving the eye. The pellet was shot from the gun of an unknown hunter.

VOTERS CLEAR THE WAY FOR AGED OWNERS

Result Of Election Abrogates Law Of Other Days

STATUTE LIBERALIZED

After January 1941 No Transfers To Be Exacted

All county liens on property belonging to recipients of old age pensions will be released by the first of January throughout California. These liens were released by legislative action during 1937, but when the people at the last general election carried two constitutional amendments November 5, the way was cleared for the removal of all pending liens prior to that time. The same is true of signed agreements required of pensioners since 1939.

Those Affected Here.

According to W. G. Golden, Mendocino County Welfare Director, the new law will affect 300 pensioners in this county. Dr. A. W. Henry, president of the group, who led the fight for the ballot measures, says all legal proceedings essential to making the amendments operative should be completed by December 15.

Total Of Values Not Great.

After the amendments become effective the boards of supervisors must immediately remove the liens heretofore levied against the small homes of aged men and women granted pensions. Welfare Director Golden says that, of the pensioners affected, there is no substantial values to be surrendered by the counties, nor retained and title free, by the pensioners.

What Is Allowed.

Pensioners are allowed $3000 in assessed value of real estate, $500 in personal property, and are also allowed to earn $15 per month.

What Must Be Watched.

By action of the legislature, no liens have been imposed as security for grants of old age pensions since 1937. Dr. Henry points out that their adoption marks the first time the voters have approved measures submitted on behalf of needy elder citizens. The chief concern of the county, state and federal government welfare agencies now is whether there are any chiselers among the ranks of pensioners, and whether legal relatives are offering aid as they are required to do.

BRONZE PLAQUE FOR MUSICIANS

The Fort Bragg, Hopland and Anderson Valley high school marching bands will be presented handsome bronze plaques for their participation in the 1940 Armistice Day parade at Santa Rosa, Lee Crabbe, commander of Theodore Roosevelt Post of the American Legion, announced.

Delivery To Be Later.

The plaques will be presented to the school officials by the Legionnaires, possibly following the first of the year.

Lovely Weather At Northern Points

(The Willits News)

Light moisture falling Wednesday afternoon failed to increase the season's total, leaving the rainfall mark for this vicinity at 7.52 inches, according to Northwestern Pacific Depot records. Clouded skies cleared during the night and bright sunshine greeted Thanksgiving Day. Decidedly cool weather the past several days brought frosts to the community. The rainfall total here at this time last season was .33 inch. More than 63 inches of precipitation was recorded here for the entire 1939-40 season. In the 1938-39 season, when 37.97 inches of rain fell here, the total, corresponding with the same date this year, was only seven inches.

QUEER ACTION HIT TOLL CUT

Marin Director Was Seen In Unusual Board Stand

For some time past Director A. R. O'Brien, chairman of the Roads and Traffic Committee of the Golden Gate Bridge and Highway District, has been flooded with appeals by city newspapermen, the Chamber of Commerce of San Rafael, businessmen of San Francisco and residents of Marin county to try and have tolls on the Bridge reduced.

What Plan Was.

Chairman O'Brien was unwilling to let down the bars on toll reducing, but two weeks ago introduced a resolution at a meeting of the Board of Directors to reduce tolls on the Bridge, from seven o'clock in the evening until six o'clock in the morning, to 50 cents for the round-trip. This resolution was later amended so the round-trip toll should be 60 cents. The resolution provided the trial at reducing tolls should be limited to not more than 60 days and carried a rider to the effect that, if it was seen the Bridge was losing money by the experiment, the toll reduction could be ended without further ado.

Would Be Experiment.

Director O'Brien contended the trial would demonstrate whether reduction of tolls was possible and be a perfect answer to the plea for reduced tolls—if the revenues taken in did not cover the expenses of operating the bridge and provide for retirement of bonds and payment of interest the people would appreciate the fact the Directors could not cut tolls and the clamor for lower tolls would abate.

Own Director Killed It.

Marin county has been the most persistent in requests for lower tolls and no opposition was expected from that source. However, Director R. W. Trumbull, of Marin county, and Congressman R. J. Welsh, who on rare occasions is in California and does not attend the meetings, never having served on a committee, threw a monkey wrench into the plan and when a vote was taken a tie was found to exist, six to six —Eight votes were necessary to carry the resolution — and the toll reduction will have to go over for a month.

Comes Up Again.

In the meantime two new directors will replace Directors Trumbull and Westbrook, both anti-toll reductionists, and it is believed by Director O'Brien the necessary eight votes will be forthcoming.

THREE-LANE HIGHWAYS ARE DANGEROUS

A THREE-LANE HIGHWAY is a suicide road. That fact was brought forcibly home to thousands of motrists last night on the highway to the Eastbay district, just beyond Carquinez bridge, where two modern cars lay crumpled and bloody piles of metal in the middle of the road. The drivers, going in opposite directions, had attempted to pass other vehicles at the same time on a three-lane highway! Scores of serious wrecks have occurred in this manner. When an accident happens in this way it is always a bad one. Let us not build any three-lane highways up this way. If we can't have four lanes let's keep two lanes.

There is no safety in a driveway between two other driveways, even if everyone is going in the same direction.—Santa Rosa Republican.

There is a great deal of satisfaction to the writer when he reads articles like the above. It will be recalled, when the tunnel was being bored for the State highway leading to the Golden Gate bridge, the writer made the fight for a four-lane tunnel. He suffered a lot of criticism for doing so. In fact members of the Golden Gate Bridge Board of Directors sent a letter, which was read at a big public Highway meeting in Sacramento, declaring the Mendocino county director of the Bridge, did not reflect the sentiment of the Bridge Board in his fight for a four-lane highway off the six-lane bridge, but the Mendocino county Bridge director did not cease his crusade. He went into the newspapers of San Francisco and got backing in his fight and, when high State officials who were friends of the State Highway Commissioners threatened him by saying to him they intended to ask Governor F. A. Merriam to remove him from the State Prison Board because he was causing trouble in the official family of the State, he carried his fight to Governor Merriam, declaring it mattered not, if he were taken off the Prison Board, he would keep up his struggle to get a four-lane tunnel because it was the only proper width approach for the Golden Gate bridge. Governor Merriam, instead of removing the Mendocino director from the Prison Board for opposing a three-lane tunnel, joined with the Mendocino director of the Golden Gate bridge in his four-lane advocacy and the fight was won.

THE PLACE FOR THEM

HERE IS AN EDITORIAL, from The Oakland Tribune, this page would like to ask its readers to read it, carefully, and to give some thought to the stand taken by Colonel John R. Kelly:

"Suspending sentence on a confessed thief, a judge at Buffalo, N. Y., attached a condition that the offender join the United States army at once.

"Possibly it was in the judge's mind that military discipline would work for the reform of the individual. Certainly nothing respectful or complimentary toward the army was expressed in an action which would held that it is the natural place for men who misbehave in civilian life.

"This particular man will not join the army. Colonel John R. Kelly, commander of the New York recruiting district, made that plain when he said:

"'The United States army does not operate a reform school. Men with criminal records are not accepted in the service, and the mere fact that official action has been taken on a crime, as in this case, automatically makes a man ineligible for enlistment.

"'The army wants law-abiding citizens. It is an insult to the colors, to the men in uniform and their parents, to picture the armed force as one into which known criminals can be sentenced'."

Why is it these days so many people, as soon as a man is convicted of a crime, begin to express sympathy for him? How about the man he murdered, maimed or robbed? The best place—the only place—for a felon is in prison. Colonel Kelly, it would appear, is making good in the army. It is regrettable we do not have more men like him on the bench.

THE FIREMEN OF LONDON

VERY MERITED IS THIS TRIBUTE seen in The Calistogan, of Calistoga: "The 'Battle of Britain' has brought to the notice of the world a new kind of war hero—the firemen of London. These men aren't bemedaled. They don't march about to the playing of martial music. Individually, few of them are known. But the fact that London still exists is largely of their doing. They take the most extreme risks calmly and without fanfare, in the line of daily duty. They go for days on end without sleep or rest, battling the fires the enemy's great bombs create. A considerable number of them have died at their posts, that others might live and the seat of the Empire be saved."

Commendable as is the observation, it is a true statement of a situation and of groups of men—one eminently deserved.

Here in our own country there are no bombers to devastate our cities, no long-range guns to blast at our homes and industrial and national monuments. But, all over the nation, firemen are doing a peacetime job that should be given far more recognition than it usually obtains. There has been many a jest concerning easy-living firemen, sitting about in their comfortable stations, talking and yarning and playing cards. But it isn't funny when an engine crew must enter a burning building that may collapse into an inferno of flame any minute. It isn't funny to have to fight a great fire when the temperature is below zero and the spray from the nozzles turns at once to ice. It isn't funny to put on masks and asbestos suits and try to control an oil fire generating thousands of degrees of blazing heat.

The fire department is any town's or district's first line of defense against an enemy that is as destructive as war. And a first-class fire department is any town's best investment. The firefighters of London are making headlines with a service that is as vital in peace as in time of battle.

And all of this brings to the mind of this page the fact the Ukiah Fire Department will shortly be offering tickets for its annual ball, the funds from which are used exclusively for the benefit of the Fire Department—for the purchase of needed fire-fighting equipment. When the tickets are sent you this year, do not figure out how few you can take. Be a good sport and send the department a check for as much as you can.

You will never have a chance to spend money for a better home town cause.

"WE TOO HAVE FREEDOM OF THE PRESS"

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, while chairman of the State Board of Prisons of California.

'REFORMATION' OF JOHN DOE, MURDERER

I became interested in him when the Warden at Folsom intercepted a note to a crime partner of his. In the letter the convict derided prison expenditure for comfort of inmates and poked fun over how taxpayers were being duped. In studying his letter I noticed he had a flair for using certain identical pet expressions many times, that he was a murderer and his vocation was that of a newspaperman.

I ran his letter as a "Sidelight" story shortly after I had gotten it.

Now, in San Francisco, "Sidelights of Sadness" stories are reproduced weekly by a chain of newspapers. The city editor of that chain was attracted by the particular letter the convict had written. He clipped it out and filed it away. About this time the owner of the chain of newspapers asked me for a permit to go through San Quentin. I got him a pass and he visited the prison. He became greatly interested in convicts and, strangely enough, a woman acquaintance approached him and asked him to give employment to a convict, an ex-newspaperman, at Folsom, who would come out on parole, if he could get a job. The city editor and the chain paper owner conferred. The city editor told his boss it would be best, if the inmate was not told the city editor knew his background. The boss agreed. The inmate was paroled. He went into the newspaper office and was assigned to the Exposition. He wrote a column, "Fair Touches." As his copy came to the desk the city editor caught what I had detected. His proneness to use certain words when synonyms would have better served. The city editor got out the Sidelights, which featured the intercepted letter from Folsom and satisfied himself who the new writer was—before that he only knew he was a convict. He then saw to it, without letting the ex-convict know it was being done designedly, The Republican Press, with the Sidelight stories got on the new man's desk. The latter, apparently, ignored them. He worked one full week—then, three days more. He laid off. He claimed he was ill. Worked another week. Then he disappeared. The city editor, accepting him as "one of the gang," tried to help him. Then a detective came in the office hunting for the new man. The next thing heard he was back in Folsom. Here's the story: He was a Veteran and, when he got out, he drew down $1500 in War bonds. He fell in with a woman, recently released from the Mendocino State Hospital for the Insane. Syphilis had caused her insanity—She was rated "cured." He picked up with two ex-convicts from Folsom. He purchased an automobile. The automobile was found in Los Angeles, following a hold-up. The inmate said he had gotten drunk, left his car on the street and it had been stolen. In two weeks he spent $1200.

Today I got a letter from the city editor. He wrote: "There are interesting angles in this case. Here was a letter, intercepted, showing a convict's contempt for the prison system—actually bragging about the good times he had in Folsom. Then his release after that was known. His coming into a newspaper office that regularly ran your 'Sidelights.' My putting the particular article (the convict's letter) aside in a file—The only time that happened. His getting proofs of all the other Sidelights, but not being shown the one about his intercepted letter. Certainly fact outdoes fiction."

I belong to that school of prison men who believe rigid parole rating should displace sentimentality. If this man had been kept in prison, his $1500 safeguarded and he had been made understand murder is a crime not to be laughed at—His intercepted letter plainly showed he had contempt for the laws of society—he would not have lost all his good time earned in 13 years nor throw away his $1500.

Fairness to society and fairness to prisoners, it will be found, is ever the more merciful way to bring about the redemption of criminals.

Neither the diseased, insane woman or this murderer should have been freed.

The Season Has A Mellowing Effect

Those who insist "Christmas is only for the children" might have been surprised the other night had they been among crowds viewing the holiday windows of the Emporium in San Francisco. One window featured a huge Santa Claus, surrounded by toys, dolls, candy canes and all that goes with the holiday, and from somewhere above came the voice, supposedly of Mrs. Santa Claus, who declared she was broadcasting from the North Pole via a national hook-up, singing a repertoire of Christmas songs. In the crowd of gaping children and adults enjoying the tableau were three husky sailors, and as two of them turned to leave, their brawny companion tarried, begging, "Aw, don't go yet, I want to hear 'Jingle Bells' again."

Builds Big Dam.

An earth fill dam, 30 feet high and 400 feet long, is under construction on the W. C. Peters ranch in Benmore Valley, just below the summit of the Hopland-Lakeport highway. The project is being constructed under the U. S. Soil Conservation program.

Long On Job.

Engineers from the U. S. Conservation Department are supervising the work, which is being done by day labor and local men are employed on the project. The work has been in progress the past few months but has been held up several times by inclement weather. According to the soil conservation office in Ukiah the dam will be completed within a month, if weather conditions are favorable.

Object Of Work.

The dam is being constructed for soil conservation purposes, impounding water over an estimated area of 11 acres. According to information from the Ukiah office the government loans money to ranchers who wish to participate in soil conservation measures. Interest is charged and the ranchers must raise a certain percentage of the cost of the project before federal money is loaned. Mr. Peters has a large acreage in Benmore Valley and plans to engage in sheep raising when the dam is completed. Another project, this one to prevent washing away of Russian river banks in the valley south of Ukiah, is being carried out also.

MILL CLOSES

From Point Arena comes word the Gualala mill has shut down for the winter and the families are moving out.

The Potent Chemicals

The most potential element—
Oxygen comes in milk,
Without it life is impossible,
Keep feeling fine as silk!

The body needs insulation,—
Provides it with silicon.
And tissues constantly wear away,
Replacing them with nitrogen.

All these elements milk contains,
With sulphur to cleanse the blood;
The process is quite as natural

embankment near the entrance to Howard Forest. Dr. Smith escaped with a severely cut nose and other bruises but his wife was unhurt.

To Show Resources.

The Community Industrial and Agricultural Fair will be held at the W. I. Clubhouse Friday, December 6. More than two score exhibits have already been assured and more are promised. Various kinds of manual training and useful work will be demonstarted and no one should miss it.

Club Is Formed.

What will be known as the Willits Business Women's Club has been organized with the intention of joining the Women's Federation, a State organization. Beatrice Heckendorf was elected chairman, June Case secretary and Frances Hill treasurer. These three officers and Nellie Wolff compose a committee which will draw up by-laws and form a charter for the club. Meetings will be held on the first and third Wednesday of each month.

Joe Akins, deputy warden of the Fish and Game Commission and stationed in San Francisco, was here with his wife Thanksgiving.

Friday Night Ceremony.

Miss Maxine Duffield and Jack Allen were married at the Baptist church Friday night, Rev. T. Hume officiating. The edifice was handsomely decorated with flowers and greenery and a large party of relatives and friends attended the ceremony. Following the wedding a number of invited guests attended the reception at the home of the bride's mother, Mrs. Nettie Duffield, after which the happy couple left for an unknown destination where they will pass a two weeks' honeymoon.

Raised In Willits.

The bride was born and raised here and for the past year has been a member of the grammar school teaching staff. She is a beautiful and charming young woman and has hosts of friends. The groom is a son of Mr. and Mrs. E. J. Allen and has lived here some years and attended our schools, after which he enlisted in the U. S. Navy and after his training at the San Diego Naval School passed three years on warships and became an expert gunner. Following his honorable discharge he returned to Willits and is employed by the local power company.

New Official Dined.

Walter Severance, the newly elected supervisor of the Fourth district, accompanied by his wife, were the guests of Supervisor and Mrs. Duane Bittenbender Wednesday.

Mr. and Mrs. Robert Smalley, of Kings county, are visiting their son, Dr. R. B. Smalley, and family.

Miss Alice Good, who is doing practice teaching at Palo Alto, and Miss Ethel Good, who is teaching at Colusa, passed Thanksgiving holiday with their parents, Mr. and Mrs. Roy Good.

Club Held Election.

The Girls 4-H Club has elected the following officers: Myrtle Phillips, president; Evelyn Shelton, vice-president; Peggy Hart, secretary; Helen Moore, reporter. The Club's next meeting will be Saturday night.

Had Fine Visit.

Supervisor and Mrs. Duane Bittenbender passed Thanksgiving with their daughter, Mrs. Leonard Ladd at Hollister. The following day they motored to Los Angeles where they will make their other daughter, Mrs. Stuart Colbran, a visit. They also attended the U. C. L. A.-Washington football game Saturday and are due home today.

Razing Structure.

A. M. Saery is wrecking an old landmark—the bowling alley in the rear of Hotel Willits. The building was erected by the late William Wiegand more than 30 years ago and for several years was one of our leading attractions. The lumber was all selected and even now is almost as good as new lumber. It had three floors to help deaden the noise, the top of which was hard maple neatly joined together.

Bill Corbett, student at Chico State College, passed Thanksgiving holiday with his parents, Mr. and Mrs. Frank Corbett.

Was Buried Thursday.

The funeral of the late Dwight Mohrman was held Thursday, Rev. T. Hume officiating. Born in Ohio 50 years ago he came to Los Angeles in 1918 and 21 years later moved to San Francisco where he served as special police officer for the Morse Patrol. Three years ago he came to Willits and has been employed as cabinet maker for the Willits Lumber Company.

Drove On Wrong Side.

Mrs. Clyde Workman, of Eureka and Ed Dunn, of Eastside, Oregon, had a collision on Redwood highway, five miles south of Laytonville. Captain Austin Rawles and Sergeant Frank Mills made the investigation and found Mr. Dunn was driving over the white line when the accident took place. He was taken before Judge Woodruff and was turned loose on promising to pay for the damage to the other car. There were other occupants in both cars but no one was injured.

Mr. and Mrs. Ray Hall were called to Santa Cruz last week by the serious illness of her aged mother.

To Advocate Americanism.

At its last meeting the American Legion Auxiliary outlined its program for the coming year. Mrs. Marietta King, of Fort Bragg was in attendance and made an address. Most of her talk was devoted to Americanism. Mrs. Esther Elliott was appointed to contact teachers at the high school and ask them to have their pupils write essays on Americanism. Each grade will have a different rating and the best will be sent to the district chairman and prizes will be awarded.

Birds Were Scarce.

W. F. Whitney and son, Billie, Ray Evans, Will Riley and Al Redd motored over to the Sacramento valley last week for a pheasant hunt. They had a glorious time and got plenty of exercise but only got one pheasant between them and Mr. Riley shot that.

Dr. and Mrs. Schmidbauer and two small sons passed Thanksgiving with relatives in San Francisco.

Sister Nurses Sister.

Bernice Dias, nurse at St. Mary's Hospital, San Francisco, and sister of Mrs. Laurel McKenzie, is here taking care of her sister and infant baby. Mother and babe are doing nicely and have been released from the hospital.

They Were Ill.

At Howerd Memorial Hospital a baby daughter was born Mr. and Mrs. Al Greenberg and reports have it the young lady has already taken possession of Hotel Willits. Mrs. Annie Wilson, aged 74, was released from the hospital a few days after her appendicitis operation and has returned to her home in Laytonville. She stood the ordeal much better than a great many younger women. Thomas Ornbaun has returned to his home in Boonville following several weeks medical care. Mrs. Artie McGee, of Calpella, was here several days for medical care. John Anderson of Caspar is receiving medical care.

To Erect Home.

Ross Sherburn has been granted a building permit for construction of a $3000 dwelling on Oak street.

To Divide Drive.

The truck drivers of the Teamsters Union No. 684, Eureka, who pilot trucks over Redwood Highway, have officially decided to split their trips at Willits as this is the half way point to San Francisco. About 40 drivers are involved and some of these will move their families to Willits.

Both Look Good.

Kayak II and Mioland got a typical Chamber of Commerce welcome as they pulled into Santa Anita Park for the coming turf meeting, but both thoroughbreds took it in full stride. Three-year-old Mioland, in fact, took the ceremonies in such spirit he threatened to bolt out of the car. It took the hastily summoned services of a lead pony and great persuasion to get him off without mishap. Kayak, who holds a first and a second in the $100,000 Santa Anita handicap, was a little more polite about the affair, but even he did not seem too impressed with the Chamber of Commerce touch, which included the presence of a "welcomette," a new term for a girl in a sun suit.

Feet In Fine Shape.

On the serious side, Charles S. Howard, of Ridgewood ranch, owner of the arrivals, said Kayak had grown two new hoofs, had been galloping back east and looked promising for the approaching campaign. Mioland, too, shipped well, aside from his usual fractiousness, and Mr. Howard said he has high hopes one or the other will run into big purses at Santa Anita this winter.

2 AFFLICTIONS FOR RESIDENT

C. N. Snyder Loses 2 Members Of Family In A Week

Sincere sympathy is felt for C. N. Snyder, who twice within the past week has received tidings of an extremely sad nature. Last week word came from Nicholson, Pennsylvania, of the death of the local man's brother, Otto Snyder, and Monday morning a telegram was received advising Mr. Snyder his mother, Mrs. Harriet Snyder, also of Nicholson, had passed away early that morning. Funeral services are being held for her today.

Saw Them Lately.

During the summer Mr. and Mrs. C. N. Snyder visited his mother and brother who made their homes together. It is thought the sudden shock of her son's death was too much for the elderly lady and hastened her passing.

IS GOING EAST

Miss Gertrude Dietz, who since coming to Ukiah to live has been a guest at the home of her uncle and aunt Mr. and Mrs. Jacob Gewehr, is leaving December 8 for a holiday visit at the home of her parents Mr. and Mrs. G. L. Dietz near Chicago. Friends will accompany Miss Dietz to San Francisco where she will board the Streamliner. The trip is made at this time to see her brother Edward, who was here last year, and has been called on the draft.

PLAN A LITTLE THEATRE HERE

Movement On To Put Amateur Shows Before The Public

More and more are becoming interested in a Little Theatre movement here, started by a dozen or so young business men and women of the community. Miss Laura Kaiser has graciously offered to assist in getting the organization off to a good start, and has loaned the group a repertoire of clever one-act plays, which they are reading together in the evenings and from which they will make selections to put on in the future.

Want Light Plays.

While the element of comedy has a part in the plays now being considered, it is not of the slapstick variety, but of a more subtle type like that used by James M. Barrie, Anatole France and similar playwrights. Mrs. Raymond J. Pearl has been hostess to the group at intervals during the week when they gather for readings and discussions and Friday they met at The Palace Hotel. It promises to be interesting and entertaining for those taking part in acting and directing and those interested hope to present something really worthwhile to audiences here in the future. It is not a money-making idea, at all; merely for the pleasure and interest of those taking part and for the public's enjoyment. We will be hearing more about it from time to time, when things become more completely organized and practice is under way.

Executives Chosen.

At Friday evening's meeting, which was attended by nearly 40, a board of governors was appointed as follows: L. D. Dennen, chairman, W. H. Brunner, Arthur Bradley, Earline Abbott and Mrs. Raymond Pearl. Mrs. Kenneth Coles was selected to direct the first play and casting is under way at present.

HE WORKED FOR EVERY LAYOUT

Veteran Logger Died After Life Of Extreme Activity

Following a brief illness, Daniel William Cavanagh, a well-known figure in the early history of the Mendocino coast, passed into eternal rest in Fort Bragg Friday.

Victim Of Asthma.

Mr. Cavanagh lived alone on his small place at Hardy creek, in the cottage he had erected with his own hands more than 20 years ago. Afflicted with asthma in almost chronic form, he had contracted a heavy cold that aggravated his condition until his friends felt it wise to take him to the Hospital.

Worked In Many Camps.

Beginning work at an early age, Mr. Cavanagh had probably worked for every sawmill and logging company on the coast. He was employed by the late Robert Dollar in his mill at Usal, and has driven ox teams with every logging layout on the entire coast from Fort Bragg to Northspur and from Gualala to Usal.

JOBS DAUGHTERS DANCE WAS A GREAT SUCCESS

Always one of the year's most delightful social events, the Jobs Daughters dance Thanksgiving night lived up to expectations. The music was excellent and there was a large throng to dance to it; the usual young crowd being joined by many others home from school for the Holiday. The affair was invitational and called for formals, the gay colors and fashions of which presented a pretty picture on the dance floor. Light refreshments of punch and dainty cakes were served during the evening and the dance concluded at 12:30, all agreeing it had been one of the most successful of the Jobs Daughters affairs.

LAST MEETING

For their last meeting until after the Christmas holidays, Circle E members arranged a social evening recently at the home of Mrs. Herbert Brooke. On the committee with Mrs. Brooke were Mrs. Beverly Broaddus, Mrs. Leland Foster, Mrs. Karl Davis and Miss Grace Toles. A potluck supper was enjoyed, then followed the business meeting at the conclusion of which the program committee, Mrs. Katherine Harvey, Mrs. Jack Goudge and Mrs. Bernice Gilgen, presented Misses Ernestine and Mildred Prather in two delightful vocal numbers and then arranged a program of games for the diversion of the score of members present.

DISTRICT P. T. A.

Ukiah will be represented by a number of local P. T. A. members tomorrow when the Twenty-seventh District California Congress of Parents and Teachers convenes at Community church, Upper Lake. Theme of the meeting will be "Home Safety and Juvenile Protection," and guest speaker is to be Charles M. Shermerhorn, assistant probation officer of San Francisco. Noon luncheon will provide a period of relaxation between busy morning and afternoon sessions.

HERE SUNDAY

Guests at the George W. Davis home Sunday for dinner were Mrs. Ethel McGinley, of Eureka, and Mrs. Davis' nephew, William Siedler of Oakland. Mr. Siedler is a student at Arcata State College and he and Mrs. McGinley had been in Oakland to pass the Thanksgiving Holiday among friends and relatives, stopping here enroute north again. Mrs. Davis' mother, Mrs. Frances Parish, accompanied the visitors north and will visit a month at the home of her son, George E. Parrish, of Bishop Pine Lodge, Trinidad.

GREET RELATIVES

Thanksgiving week was a time of happy reunion for Mr. and Mrs. Fred Dickey who welcomed home their son-in-law and daughter, Mr. and Mrs. Cyril Vassar, for a visit. Also at the Dickey home during the week were Mr. and Mrs. Edwin Rainey, another son-in-law and daughter. Wednesday the entire family motored to Ross, Marin county, for dinner with relatives, and Thursday went on to Vallejo to enjoy visits with other relatives and friends.

PARSON HAD GUESTS

Thanksgiving dinner was enjoyed Friday rather than Thursday in the home of Rev. and Mrs. Herbert Brooke. The couple had guests from Oroville, some of whom, Mr. and Mrs. Russell Vaughan and daughter, Shirley, arrived Thursday, and others, Mr. and Mrs. Albert Dunstone, came Friday. This occasioned the postponing of the Holiday celebration, but that did not keep the party from thoroughly enjoying the dinner and reunion.

FOR THANKSGIVING

Thanksgiving was celebrated in the home of Mr. and Mrs. C. Burnam Heryford, by a gathering of family members in town. Assembled at the attractive table to partake of "turkey and trimmings" were Mr. and Mrs. Clem Heryford, Mr. and Mrs. Harvey Thompson and Russel and the Burnam Heryfords.

IS HONORED

MAY WE REMAIN MEN OF GOOD WILL

(By CONNIE DENNEN)

In closing his Thanksgiving day broadcast of world events, Gabriel Heater, noted news commentator, said, in effect, the fires of war were burning high all over Europe and Asia, but in America the fires were burning low on the hearths of happy homes, where the glorious tradition of Thanksgiving had once more been observed. His words drew a picture of all the families of our land assembled together, not in bomb-proof shelters, but in the warmth and cheer of humble, middle-class or splendid homes, under a sky whose quiet was unbroken by the drone of planes and the crash of their deadly cargo; where stars, not beams from anti-aircraft searchlights, blazed a path of light. It made the listener glad and proud to be an American and in America, and while breathing a prayer for the innocent victims of war's horrors, made him whisper a prayer and a hope our land would never know the suffering that is Europe's today. It made the listener remember all the things our country stands for—tolerance and freedom and liberty; it brought back the first Thanksgiving of the Pilgrim Fathers who braved every peril to come to America to seek freedom of speech and tolerance, and it made us want to justify that faith of theirs in this being a land where all would have equal rights. We have not always been tolerant in the past; we are not always as tolerant as we might be today of the political and religious beliefs of others, but even so, as a nation, we have the broadest outlook and the least racial and religious prejudice of any country. Maybe it is because we realize that, in the past 164 years, it has taken the good and bad points of all races, the greatest and the least of all creeds, to produce what we are—the Americans of today. And, in remembering that, we can learn greater tolerance and be truly Men of Good Will as the Christmas season approaches, and we look forward to gathering once again with our families about the low-burning hearth fires that shed a friendly warmth, so different from the war flames that burn across the sea.

PAIR WERE WED AT CARSON CITY SUNDAY

Of great interest to friends of both young people is news of a marriage which took place Sunday, November 24, in Carson City. At a quiet ceremony Miss Cleo Ford, daughter of Mr. and Mrs. Kirby Ford of Ukiah, became the bride of Edward Walsh, son of Mr. and Mrs. Ted Walsh, also of this city. Sole attendants of the young couple were Miss Marjorie Lowrey, close friend of the bride, and Milton Ford, the bride's brother. Both Mr. and Mrs. Walsh are well known and popular in this community, where they and their families have lived many years. Both attended elementary school in Ukiah and graduated from the local high school. The pretty blonde bride is a sister of Mrs. Alvin Lawton of Stockton, Nila Ford, Henry, Milton and Lin Ford, all of Ukiah. Her paternal grandparents are W. A. Ford and the late Mrs. Ford, of Redwood Valley, and she is a granddaughter on her mother's side of Mrs. L. W. McLintock. On both sides the families are old and well-known in the county, and the young descendant, so recently a bride, has the very best wishes of a wide circle of friends, as has Mr. Walsh. The couple will reside in the vicinity of Red Bluff where Mr. Walsh is engaged in working for the Pacific Gas and Electric Company.

BAZAAR DID WELL

Although Saturday is always a busy day with social and club affairs, and just plain shopping, the V. F. W. Auxiliary drew a crowd at its bazaar and finished the day showing a good profit on the affair. Some beautiful fancy work was on sale, and there were booths featuring homemade candy and delicious baked foods, all of which attracted buyers. Tea was served throughout the day and on into the evening, at which time, dancing was enjoyed. A 12-pound fruit cake, baked by Mrs. Vernon Ruddick, was a prize anyone would have been delighted to carry home, and it finally went to Mrs. Reed Lowe. All in all, the bazaar could well be called a social and financial success.

SURPRISE HOLIDAY

It was a happy Thanksgiving for Mr. and Mrs. A. H. Hurlock, who motored to San Francisco Thursday to visit Miss Connie Hurlock, in training at St. Luke's Hospital. The most they expected was a short visit during the dinner hour with their daughter, whose activities are limited by hospital routine. What they did not know until reaching the city was student nurses had placed their names in a box from which were drawn names of the lucky ones who were to have the day off. Miss Hurlock's was among those chosen and, when her parents came to call on her, she surprised them with the news. The family then proceeded to San Jose where they enjoyed a real Thanksgiving celebration with Mrs. Agnes Hurlock, mother of Mr. Hurlock.

IN NEW MEXICO

According to letters received by Mrs. Vic Hildreth, her son-in-law and daughter, Mr. and Mrs. Robert Smith, and the couple's young son are having a fine time in the snow at Clovis, New Mexico. Accompanied by Miss Winona Vaughan, the Smith's motored to Clovis the Saturday before Thanksgiving, to enjoy the holiday, and another week's vacation with Mr. and Mrs. Gus Garrett, step-father and mother of Mr. Smith. Miss Vaughan also has relatives in that vicinity and is passing her vacation with them. The party will return to Santa Rosa this weekend after what appears to have been a delightful trip.

HERE FOR HOLIDAY

Rev. and Mrs. A. A. Doak enjoyed a Thanksgiving homecoming of their children Thursday. Dr. and Mrs. Howard Doak, who reside in San Mateo, motored to Ukiah accompanied by Miss Audrey Doak, a student at State College, San Jose. The visitors returned south Sunday.

THANKSGIVING DINNER

Mrs. Catherine Smith and daughter Miss Mary Smith entertained at their home at Bush and Church streets Thursday with a delicious holiday dinner to which were bidden Mr. and Mrs. J. P. Smith, Mrs. A. H. Sampson of San Francisco and Miss Katherine Gobbi.

SPEAKERS DELIGHTED GATHERING AT THE CULTUS CLUB

Last night Cultus Club, noted for programs of the most entertaining and enlightening nature, shared with invited guests one of the most outstanding events on the club calendar. Program committee members Lillian Thomas and Julie Weber had arranged to present Jane Maggard Speck in a diverting talk on her experiences in war-torn Europe, and it was an eager throng that gathered in the Methodist church social hall to hear the poised and charming speaker. Mrs. Speck is the former Jane Maggard, daughter of E. H. Maggard, retired head of the Northwestern Pacific Railway. A year ago she became the bride of Hugo Speck, United Press correspondent, and with him went abroad to live. Then followed the adventures in Paris, Rome, Istanbul and in Rumania and Bulgaria, which provided thrilling material for the series of articles written by Mrs. Speck and published in a San Francisco newspaper. They have been compiled to appear in book form, bearing the title, "A Journalist's Bride In Warring Europe," and it was these interesting travels and experiences which formed the basis of Mrs. Speck's delightful talk last night. Members and guests of Cultus Club were indeed fortunate in hearing her and all heartily enjoyed the entire program.

NUMBER THIRTEEN HOLDS LUCK FOR SENIORS

Voted as number six on the list of the 10 best plays for 1940, by Stage Magazine, "June Mad" has been selected for the Senior Class play to be presented December 13 at high school auditorium. Tickets go on sale today, and reservations can be made at The Maple for no extra charge. To the superstitious, it may appear this year's seniors are jinxed by an abundance of 13's, but they do not consider themselves so, and plan to put on a grand performance on Friday the 13th, with 13 characters taking part, three of whom have 13 letters in their names—Charles Harris, leading man played by Bob Sandelin; Roger Van Vleck, played by Rodney Paccini, and Mervyn Roberts, played by Gene Davis. Lest we forget, graduation day is also June 13, and that will be a big day in the lives of the seniors, so why should they worry about mythical bad luck that is surrounding the numeral in question?

HERE FROM ORIENT

To greet Mrs. O. G. Steen and sons, Bob, Tom and Bill, who arrived from the Orient aboard the President Coolidge, Dr. and Mrs. H. O. Cleland motored to San Francisco Friday. There they were met by their two sons, Tom and Bill, who came over from the University at Berkeley to join in welcoming the travelers who had made their last visit home two years ago. The three young men of the Steen family returned to Ukiah with Dr. and Mrs. Cleland Friday but Mrs. Steen remained in San Francisco several days, arriving here Monday evening. The family is being welcomed here by many old friends who have known Mrs. Steen for years and remember her as the former Dorothy Thomas. The boys have started to school here; the eldest son, Bill, being in high school and the two younger ones still in elementary school.

Because of the Holiday, Business and Professional Women did not meet Thursday, but will convene tomorrow night instead at The Palace Hotel. The meeting is a social one and will include dinner as usual. Miss Esther Redwine heads the committee in charge of arrangements.

RICHMOND VISITORS

During Thanksgiving holidays Mr. and Mrs. Robert Sharp were hosts to Mr. and Mrs. Henry Sammett and their four children, from Richmond. One of the Sammet boys celebrated his birthday on the Holiday, so the dinner featured an elaborate birthday cake as dessert.

GATHER AT SPRINGS

Mr. and Mrs. C. E. Weger had a family reunion Thursday at their home at Orr's Springs and a Thanksgiving feast was enjoyed by Mr. and Mrs. Donald Hodge (Bernice Weger) of San Francisco, Miss Hulda Wenglein, Alfred Weger, Donald Weger, John Carlson of Berkeley and the hosts.

MEET SATURDAY

Mrs. Elmer Purdy will preside when the Saturday Afternoon Club convenes this coming Saturday. Hostess chairman for the day is Mrs. Arthur L. Tracy, with Mrs. Kenneth Busch heading the program committee.

BRIDE AND GROOM WELCOME HOME THANKSGIVING

At home now in San Francisco are Mr. and Mrs. Elmer Presson (Margaret Bechtol) who were wed at Reno Saturday, November 16. The bride, youngest daughter of Mr. and Mrs. Frank L. Bechtol, Ukiah, sister of Mae Meek, Avis Bechtol and Albert Bechtol, had made informal announcement of her engagement to Mr. Presson early in October. Following their wedding, the young couple motored to the Bay region, and after several days in San Francisco came to Ukiah for Thanksgiving at the Bechtol home. The Holiday dinner also served the purpose of a wedding dinner and featured a beautiful wedding cake which was cut by the bride. Friday Mr. and Mrs. Presson returned to San Francisco, where Mr. Presson is employed by an electric plant. The couple will make their home in San Francisco.

HAPPY THANKSGIVING

This Thanksgiving was an unusually happy one in the home of Mrs. T. M. Cleland for it is a holiday meant especially for rejoicing with one's family, and that is just what Mrs. Cleland did, for the first time in many years. From San Mateo, one of her sisters, Mrs. Sadie Roeder, well-known to friends here, arrived to pass the day, and from Willits came another sister, Mrs. Birdie Anker. Miss Isabelle Roeder, teacher in the Crescent City high school and daughter of Mrs. Sadie Roeder, came here to join in the happy reunion, as did Robert Lewek, of San Francisco, Mrs. Cleland's youngest grandson. Mrs. Susan Cleland and Mrs. T. M. Cleland completed the group enjoying the delightful dinner party which united members of an old and well-known family.

WELCOMED FAMILY

Mrs. Ruth Cernac had the pleasure of a Thanksgiving visit from her grandparents, Mr. and Mrs. M. Boreca, of Fort Bragg; also her brother-in-law and sister, Mr. and Mrs. William Starr, of the coast city. The family arrived Wednesday evening and returned home Thursday, following a delightful Thanksgiving dinner at the Valette home on West Smith street where Mrs. Cernac resides.

HOME FOR VISIT

Mrs. Edward de Turbiville and infant son, Edward III, who was born in San Francisco October 22, arrived from the bay region yesterday to visit Mrs. Vic. Hildreth during the absence of Mr. Hildreth in Los Angeles. Friends are welcoming the former Fay Hildreth during her brief stay, and are eagerly getting acquainted with her fine young son.

REBEKAHS MET

Rebekahs met in regular session Monday evening for routine business, followed by a short program and light refreshment service.

OUR STATE TO HOST VISITORS

Next July it will be California's turn to play host at the biennial meet of Federated Business and Professional Women's Clubs, and plans are under way for celebrating on a grand scale. In keeping with the locale of the convention, which is Los Angeles, there is to be a Spanish Fiesta and mammoth barbecue as one of the major events to entertain visitors. Members of Business and Professional Women's Clubs throughout the state are being assessed 50 cents each to create the fund necessary to make the conference a big success. Ukiah women who belong to the organization are making their contribution that out-of-state visitors might find they have reason to be delighted with California hospitality.

WED FRIDAY

On a Hawaiian honeymoon are Mr. and Mrs. Mervin McRea, the former Frances Marian Girvin, daughter of Mr. and Mrs. Philip H. Joseph of this city. The couple were wed at a pretty ceremony Friday in the Garden room of San Francisco's Fairmont Hotel. Mrs. Laurence Wildberger, school day friend of the bride was her sole attendant, while William McRae, brother of the groom acted as best man, at the marriage which was performed by Rev. Joseph Carpenter of the Methodist church, Berkeley. A reception and tea followed the ceremony and wedding guests later gathered to wish the couple bon voyage as they sailed on the S. S. Matsonia, bound for the Hawaiian Islands. Mr. and Mrs. McRae will make their home in Santa Cruz, where the groom is in business.

EPWORTH SOCIAL TIME

Wednesday evening, following the community church services, Epworth League members repaired to the social hall in the Methodist church and enjoyed a Thanksgiving party. Games and music furnished pleasant diversion and refreshments of cider and doughnuts, in keeping with the season, rounded out the affair.

E. O. Price left Tuesday morning for several days in San Francisco.

ODD FELLOWS MEET HERE NOVEMBER 30

Members from Lake and Mendocino County Lodges attended a meeting of Odd Fellows here Sunday. Main business of the conclave was formulating plans for the regional meeting, November 30, to be held at Grange Hall for the purpose of conferring degrees. The degree staff from Fort Bragg will confer the initiatory degree, and Golden State Lodge, Vallejo, will have charge of conferring the first degree. Refreshments are to be served by a committee from Cornelia Rebekah Lodge and a social time will be enjoyed in addition to business. Scheduled as speaker of the evening is Past Grand Master Louis J. Hardy, formerly affiliated with the local lodge, and now belonging to the one in Albany, in which city Mr. Hardy resides.

FAMILY DINED

A delightful holiday dinner at the home of Mr. and Mrs. W. A. Thornton, assembled Mrs. J. J. Thornton, Mr. and Mrs. Frank Wilson, Mr. and Mrs. Cedric Thornton, Mr. and Mrs. Chaplin Williams, Miss Jean Thornton, at home for the holidays, Harley Freeman and the hosts.

WILLITS BUSINESS WOMEN HAVE FORMED A CLUB

Recently a delegation of women from Willits visited local Business and Professional Women to observe routine business and program arrangements of the meeting. It has been the idea of Willits women to form a Club of their own, and they have now done so, organizing the Willits Business Women's Club, with a plan of later becoming a part of the Federation of Business and Professional Women's Clubs. Meetings are to be called the first and third Wednesdays of the month, and will open with dinner at seven o'clock. The following officers have been chosen by the Club: Bea Heckendorf, chairman; June Case, secretary; Frances Hill, treasurer. These officers and Nellie Wolff will draw up by-laws and charter to be submitted at a meeting set for December 4. On the hostess and program committees for that date are Veda Pietronave, Helen Bell and Virginia Ciancio.

DINNER GUESTS

Guests at the C. A. Bernhard home for Thanksgiving dinner were Mrs. Mabel Ames Smith, James Williams and Mr. and Mrs. Charles Knight.

The food was excellent and everyone seemed to have a grand time. The guests were members and their families and prospective members and the 4-H Girls and Boys Clubs and members of the high school band. Long tables placed lengthwise filled the entire auditorium and were decorated for the occasion, by Mrs. George Winkler, with bright colored grape leaves and yellow candles in red apple holders placed along the center of the tables. NEAR CENTURY IN YEARS, MAN STILL YOUNG!

Round Valley Rancher Takes Sundown Days Happily

WORKS CONSTANTLY

"Billie" Reeves Is A Good Cook, Lives All Alone

SPEAKS TONIGHT

Miss Hope Elizabeth Haupt, of Washington, D. C., will speak tonight in Covelo on "Marihuana" and the public is invited.

Special Correspondence of The Press

COVELO, Nov. 26. — We, in Round Valley, Thanksgiving, took cognizance of the bright, early brilliance of the day, almost as if the weather god had planned it for that important thankful occasion, though late Wednesday the darkened heavens brought moisture and biting northerly winds soured many a planned trip out of town—until morning. Winter, yes, we know it is here, from the leafless trees, ice creeps over the water, frost has had its nip and, though the mountain air has a crispy tinge, the hillsides still hang changing shaded pictures from the skies.

The Holiday Event.

The topnotch public event of the day was the alumni ball and supper held at the clubhouse, made distinctive by college students home for the recess, and alumni members, former residents with friends who came for the gala evening and dancing to Tex Hunt's orchestra. Among students were Barbara Riffe, Bette Jean Moore, San Francisco Junior College; Imogene Lovejoy, San Jose State; Myrtle Katherine Rohrbough, Davis; Lois Gray, San Rafael Junior College; Bob Storie, Lakewood Junior College, Long Beach; Reed Tibbitts, Santa Rosa Junior College.

In Other Homes.

Other gleanings collected: Mr. and Mrs. Russell Ells and daughter, Willits, joined in festivities at the G. H. Ells residence; the Caleb Brushes hosted a 6:30 turkey dinner to which Mr. and Mrs. Rolly Gray, Williams Valley, Mr. and Mrs. Elmer Bucknell, Mr. and Mrs. Joe Williamson and Sandra, Miss Hazel Smith and Glenn Bucknell were guests. The spacious dining room of Mrs. J. S. Rohrbough was opened to her guests and two turkeys were carved. Mr. and Mrs. Philip Rohrbough and two daughters, Alderpoint, Senator and Mrs. G. M. Biggar, Mr. and Mrs. E. H. Rohrbough and daughter Myrtle Katherine of Davis, Mrs. Katherine Morrison and J. D. Rohrbough who, following the repast, departed for San Francisco and "the altar," were guests. The Glenn T. Matthews were at San Jose. Judge and Mrs. G. R. Redwine and Mrs. May Perry joined a family circle near Spy Rock where Mr. and Mrs. Guy Redwine were hosts at their ranch. The Bennett Johnstons passed the day at Ukiah on their way to Detroit. Mr. and Mrs. L. A. Tibbitts and three children, of Sebastopol, were houseguests of the Frank Tibbitts. The Gene Deans at Hull's Valley served turkey to the Clyde Riffe clan. Miss Luella Hoskins and Bob Bruher. Rev. and Mrs. Douglas Noble were dinner hosts to Mr. and Mrs. S. F. Gray and Mr. and Mrs. Chas. Foster. Mr. and Mrs. Les Tucker (nee Hattie Purcell) were guests in the Elmer Goforth domicile from Sacramento. At Marysville for the benefit of Buddie Cubbler a family group included Mr. and Mrs. Mark Cubbler, Miss Willa Cubbler, of Covelo, and the George Caldwells of Richmond. As usual Mal Conner held open house. Mr. and Mrs. Eldon English were here. Mrs. G. K. Osborn and W. S. Osborne took the train Wednesday for San Anselmo where a month's soujourn is planned in the Delbert Osborne household. From Oakland Misses Lee Clark and Mickey Beverly augmented the Wm. V. Clark group.

Union Services Held.

The Reservation school held its annual turkey feast, prepared by Mrs. Grace Fulwider, to which school officials and faculty were honored guests. At the Federated church union services were conducted by Rev. Douglas Noble. Rev. George Wood delivered the sermon and Mrs. Wood presented a pleasing accordion solo.

Always Working.

If anybody has a right to protest "The days are too short for a full day's labor," it is Billie Reeves. This column acquainted its readers with this active nonagenarian over two years ago. His ninety-fifth birthday arrived Sunday this year, so, unannounced, the writer took Jas. O'Ferrall, who has known Mr. Reeves 50 years, along for a toast of "good wishes." We found him very busy at the barn sacking corn, a little tired but with slight noticeable reluctance (pressed for time) he joined us around the warm fire at his son's home. I had quite forgotten, but at once he remembered my farewell of last year: "I will see you in 1940." Mr. Reeves lives alone and our conversation drifted to food and cooking. He told me, to prove his culinary skill, he is going to hash-up a little feed, and cake, too, for my benefit. He was his mother's kitchen helper when the 14 little ones were being reared, the eight boys having conveniently arrived early to assist with the six sisters.

Native Californian.

Mr. Reeves does not tell any outlandish, rusty tales; his conversations are truly historical. Wm. Gaston Reeves was born at Diamond Springs, Mount Shasta, in 1845, the year California was under three flags and the destiny of our great state was shaped.

Had Nevada Wedding.

A pair of "Just-Weds," Mr. and Mrs. Carl Delgado provide another romantic touch in this locality. A whirlwind courtship is indicated, Mrs. Delgado having made his acquaintance here the middle of September as principal of Reservation grade school, coming from Chico. The bride was Miss Shirley Britton, daughter of George Britton, and has for the past six years attended school at Riverside, graduating last June. It was during the Thanksgiving school recess the pair exchanged "I do's" at a Reno ceremony. Mr. Dalgado, a vocalist, has pleasingly entertained at several social functions.

A Blessed Event.

Mr. and Mrs. Robt. O'Kane, of Garberville, are announcing arrival of Kathleen Claire, November 17. The "Just Arrived" specifications read: "Weight seven pounds two ounces; fully equipped; free squealing; automatic feeding; seldom requires oil; sparkling lamps, blue; body color, delightful pink; travels nicely, wet or dry. Now on display at St. Joseph's Hospital, Eureka. F. O. B., money couldn't buy it." The little Irish lass is a sister to young Michael Thomas and the mother is the former popular Ileen Thomas.

To Attend Banquet.

Here Tuesday, calling on Senator G. M. Biggar relative to national and state soil conservation business was R. B. Cozzens, U. S. Department of Agriculture, Soil Conservation Service, Berkeley,

(Turn to page 8)

John Geary, popular former resident, has recently returned to Ukiah, and is being welcomed back by old friends. Mr. Geary was at one time affiliated with the Shell Oil Company here, later owning The Sweet Shop, and then going to Oakland, where he was employed for some time by the Signal Oil Company. Mr. Geary will be located here permanently and has the Signal Oil distributing plant, in connection with the service station on South State street, where he has the equipment to give his patrons excellent service.

INFLUENZA IS SWEEPING THE HOMES OF ALL

Few Anderson Valley Families Escaping Epidemic

SCHOOLS ARE CLOSED

Business Places Are Crippled By The Sickness

Special Correspondence of The Press

ANDERSON VALLEY, Nov. 26.—An influenza epidemic is sweeping this valley and although much milder in form, in most cases, than the 1918 epidemic, a few scattered cases have been very severe and it is just as contagious and in many cases whole families are down at once and there is hardly a family that has escaped it.

Business Handicapped.

Among the business houses some one of the family has been able to carry on, but Saturday found the Boonville postoffice closed, except for delivery of mail for a few hours and the dispatching of mail which was attended to by J. R. Wilson, who has substituted in the Navarro postoffice, and so was familiar with the work. Postmaster George Lawson became ill while on duty Friday and was unable to return to work the following morning and Mrs. Lawson, who is assistant postmaster, had been confined to her bed several days before that and it was some time before a substitute could be found as several experienced helpers were also ill.

Week's Classes Missed.

The high school and Anderson school have not been functioning since Monday, due to illness of teachers and scholars, but doubtless would resume classes this week as the worst of the siege seems to be over.

Robert Rawles, who is a senior at University of California, was home for Thanksgiving vacation with his parents, Mr. and Mrs. V. R. Rawles.

To Begin Work.

The Red Cross First Aid class, with Mrs. F. M. Patterson instructor, starts Thursday at the high school and everyone interested is asked to be present at that time. The expense of the course will be only about 60 cents for the text book and is open to boys or girls, men or women. Bandages necessary for the class work will be bought by the Red Cross and later be added to the Anderson Valley Branch Red Cross Loan Chest which has been started here.

Ben Van Zandt, who is attending Santa Rosa Junior College, is enjoying a week with his parents, Mr. and Mrs. D. H. Van Zandt. Mrs. Van Zandt motored to Santa Rosa last Sunday to bring him home.

Kills Many Bear.

Anthony Fashauer, government hunter, was in town Tuesday enroute home. He killed two more bear near Willits. Wednesday he killed a 450-pound bear and the following Saturday a 200-pounder was brought down. Mr. Fashauer was one of the many who held Draft No. 158. He registered in Fort Bragg.

Drive To Texas.

Mr. and Mrs. E. Lamastus and three children left the first of the week for their former home in Brownsville, Texas, where they will pass several weeks. They are making the trip by motor.

In New Home.

Mr. and Mrs. Elvin McMillan moved into their new home in the northern end of Boonville a few days ago and Mr. and Mrs. Brooks McCord have taken the house vacated by McMillans.

Mrs. J. W. Slotte and Jeanne and Bob motored down from Eureka to Rockport Thursday where Mr. Slotte joined them for a trip over here to visit Mrs. Slotte's parents, Mr. and Mrs. D. P. Lawson. They returned to Eureka Saturday.

Mr. and Mrs. Corwin Albert and daughter, Hazel, of Hollywood, gave the former's parents, Mr. and Mrs. H. A. Albert, a happy surprise when they arrived early Thanksgiving morning for a short visit.

Here Thanksgiving.

Mr. and Mrs. C. J. Conroy, Jr., of San Francisco, passed Thanksgiving with Mrs. Conroy's parents, Mr. and Mrs. H. V. Nichols. They returned home Friday, taking their small daughter, who had been left in her grandmother's care while her mother took some medical treatments in San Francisco recently.

Pneumonia Threatens.

"Buddy" Berry, youngest son of Edward Berry, who makes his home at Boonville Hotel with his grandfather, J. E. Berry, has been one of the few to suffer a severe case of influenza and is now on the verge of pneumonia, according to Doctor Robinson, who has been called on the case. "Buddy" has been ill the past week and it is hoped he makes a speedy recovery.

Visiting His Mother.

Louis C. Farrer, of Alameda, celebrated the recent holiday here with his mother, Mrs. J. C. Lemon. Mr. Farrer has been associated with Firemen's Fund Insurance Co. in San Francisco for years.

Mr. and Mrs. C. T. Ingram motored to Ukiah last week.

Went Too Fast.

An automobile said to be traveling at a high rate of speed through Boonville, a few days ago, collided with a pickup driven by J. H. Lockard and the left front fender was ripped from the car when it struck the pickup. No one was injured.

Buddies Revived Service.

Weekend guests at the H. J. Cox home were Mr. and Mrs. Henry Jory, of East Nicholas. The latter is bus driver and janitor at the East Nicholas high school where Prof. J. H. Decater, formerly on the faculty of Anderson Valley high school, is principal. During the last war Mr. Jory and Mr. Cox were in the Navy and were shipmates on a large U. S. convoy. The visit was a pleasant renewal of an old friendship.

A Courtesy Dinner.

The menu for the Farm Center membership dinner consisted of roast pork, apple sauce, mashed potatoes, gravy, salad and apple pie. The dinner was served and mostly donated by Unity Club members as a "Thank You" for the opportunity afforded them to handle the Farm Center exhibit at the County Fair and receive the prize won by the exhibit. Geo. Winkler, of the AAA Conservation Service, discussed the program for 1941.

THEY WILL BE MADE TO SAVE

The Civilian Conservation Corps announced last week a compulsory savings plan for its enrollees, under which $7 of their pay will be set aside monthly in a special fund to be paid to them in a lump sum upon discharge. Men in the CCC receive $30 a month, of which $8 is paid to them in cash and $22 now goes to their dependents. Under the new plan, to take effect January 1, dependents will receive only $15.

HAS RECOVERED

B. Shores, assistant manager at Montgomery Ward's, returned to his duties the first of the week following being ill at his home with pneumonia.

TEAM FOR FIRST TIME IN MARITAL COMEDY

When a girl "invents" a man just for business reasons and then finds that she really has to marry him, complications are bound to run thick and fast. This is the amusing situation in "Third Finger, Left Hand," which opens Sunday on The State screen with Myrna Loy and Melvyn Douglas together for the first time. The new picture was directed by Robert Z. Leonard, whose last hit was "Pride and Prejudice," and the supporting cast features Raymond Walburn, Lee Bowman, Bonita Granville and Felix Bressart.

In And Out Was Cure For Them

(The Mendocino Beacon)

Two Lake county Indians were locked in the calaboose at Point Arena Saturday night, to think over their troubles. They decided to start something in middle of the night by trying to burn the jail. Constable Spence Withrow got them out long enough to clear the smoke and then put them back until morning.

HAD JOINT SERVICE

On the evening before Thanksgiving, community church services were held at the Methodist church and were well attended by many denominations. Rev. T. L. Ray was speaker, with a fine Thanksgiving message for the gathering, and the Methodist choir sang appropriate numbers.

IT DOES MORE WORK— DOES IT BETTER— DOES IT CHEAPER—
How?

● The new Ford tractor with Ferguson system and its wheel-less implements does *more* work because it has *two*-plow capacity, provides quick entry and finish, takes less than one minute to attach or detach implements (including row cultivator), insures against usual delays in wet grounds or rocky fields.

It does *better* work because it minimizes soil packing, maintains even depth of furrow, makes finishing your lands simple and easy, plows and cultivates steep hillsides and narrow places that now you do not even work with horses.

It does work *cheaper* because the absence of excess weight and its advanced design make for greater fuel and operating economy; its ruggedness and simplicity mean long life; its low first cost means greater savings.

So—see the Ford tractor with Ferguson system for yourself. You'll see things done you never thought possible on a farm! We'll be glad to show you any time.

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills. Doan's* have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. *Ask your neighbor!*

Billy Mustard Is Painfully Burned

Billy Mustard, son of Mr. and Mrs. Ray Mustard, was victim of an unfortunate and painful mishap Saturday evening. The young man had come home from work at about four o'clock, and set about burning leaves in front of his home, when his clothes, which were spotted with gasoline from his day's work, became ignited. Before the flames could be smothered Billy was painfully burned, and Dr. H. O. Cleland, who immediately responded to the call, worked over him near one hour and a half, easing the burns and dressing them. Billy is at home in bed, still under the doctor's care, and his many friends who were sorry to learn of the accident are wishing him a speedy recovery.

Are Getting Ready.

The Christmas season is at hand and Covelo merchants are making ready for early shoppers, as evidenced at By's Cash Store, with well stocked shelves, gay and dazzling counter displays. A carefully planned and delightful gift magazine was mailed from this store, designed for home shopping around the hearth. Alert shoppers surely can solve their individual problems amidst so unusual offerings.

Saw The Dam.

Using the four-day vacation weekend for a sightseeing drive to Boulder Dam were Mr. and Mrs. Elgin Knolt and daughter, Janette, and Milton Lane of San Luis Obispo. Mr. Knott is director of Industrial Education and Industry Co-ordination at California State Polytechnic and Mrs. Knott is the daughter of Attorney and Mrs. J. E. Pemberton of Ukiah.

Old Problem Solved.

The raising of hogs and cattle presents some special problems, but sanely approached, new and novel ideas are often brought to light. This remark causes me to tell you a little tale about two of Round Valley's recognized hog raisers, Walter Lewis Hurt and Dode Martindale. You have heard of the years when acorns are scarce and hogs run themselves to death hunting their favorite nutriment. Thereby hangs a tale of the to-be-famed duo, who quite by accident found a solution for the old problem and the important news has leaked out. The other day, on the Hurt range, Mr. Martindale (old-time hog raiser) intended to kindle a stove fire in one of the dwellings; the draft would not work, hence the pipe was taken down and a 100-pound grain sack of acorns was retrieved. A week later the same occurence took place. Woodpeckers, one of the few species of birds that store rations as do the squirrels, found their winter supply "Gone with the hogs." Willing to advance with the modern trend, Messrs. Hurt and Martindale are improving on the woodpeckers' time, conveniently placing self-feeder, oversized stove pipes with added V shelter top at all range springs. The new device will be cheaply installed by Mr. Hurt or Mr. Martindale anywhere.

To Tell Of Valley.

Tonight in the lobby of Hotel Covelo, Mrs. E. V. A. Murphey will give an interesting first-hand talk on Death Valley, highlighted by an exhibit of souvenirs The public is invited and it is free.

Now At Monterey.

Fred P. Faltersack, former shop advisor at the high school, writes his good friends, the Caleb Brushes, pleasing news. Stationed at Monterey, Mr. Faltersack has a nice position with the government as vocational superviser and classifier on the National Defense Program, which provides a salary of $175 per month. A high-class magician, Mr. Faltersack has been missed at social and civic entertainments.

Sessions Continuing.

George Milton Biggar, prominent State Senator, leaves for Sacramento the end of the week to be on hand Monday morning, December 2, for the closing of two recessed special sessions (the first and fourth sessions). It is rumored Governor C. L. Olson is contemplating calling a fifth session. Repairs on the Capitol dome to weakened roof trusses in the northeast wing, have been rushed to completion for safety before the Legislature reconvenes.

Among The Ailing.

Sick-room notes: Mrs. Byron L. Hurt is convalescing satisfactorily following a major operation at St. Francis Hospital, San Francisco. Walter Winters is again confined at Howard Memorial Hospital, Willits. Mrs. Frances Henley, who has been seriously sick since her arrival last week, is better and now receiving friends.

Told Of Tibet.

A missionary since 1924 at Tibet until his recent arrival here, Rev. George Wood's Sunday evening service was used in exhibiting native mementoes, many of which are very valuable and the story describing the keepsakes and missionary work proved most interesting.

Will Is Filed.

The will of the late Albert Travis has been filed at Weaverville and will be read December 2.

Had Sunday Guests.

At Sunset Ranch Resort, Mr. and Mrs. Earl Long entertained at Sunday dinner for Mr. and Mrs. Frank Tibbitts and Mrs. E. V. A. Murphey.

After Birds.

Joiners of the pheasant shooting contingent at Willows were Mr. and Mrs. Mal Conner.

In Countyseat.

Captain and Mrs. J. B. Smith were overnight guests at Ukiah Tuesday.

The John Ohes have moved their bags and baggage to Oakland.

Initiated Postmaster.

Augusta Chapter, O. E. S., performed installation ceremonies Tuesday evening for Postmaster F. E. Hagne, followed by light refreshments served in the dining room at tables which carried out the Thanksgiving motif.

Tony Benotti is vieing for the round of entertainments afforded in town, having finished work at Hull's Valley.

Mr. and Mrs. Gus Hagne visited here from Laytonville Sunday.

Took A Degree.

While here from Snelling for Thanksgiving, Ed Storie received the third degree in Masonic Lodge No. 231.

Last weekend houseguests of Mrs. May Perry were Mr. and Mrs. Russell Sierck and attractive daughter, Barbara, from San Rafael.

Have New Car.

The Loren Long quartet are enjoying a handsome late model, two-toned Indian tan, Chevrolet sedan.

Home Is Finished.

Across the valley on the eastern slopes, Mr. and Mrs. Ralph McCombs have completed their neat white-painted dwelling.

November 29, A Date.

The Missionary group of the Federated church has planned a silver tea for two p. m. Friday at the social hall. The proceeds are for the purpose of sending Mr. and Mrs. Rodger Perkins, who are doing missionary work in Brazil, a Christmas gift. Aid ladies have requested Mrs. Chas. Lovell, mother of Rodger, and Mrs. Cecil Williamson, a sister, to pour during the afternoon. Mr. and Mrs. Perkins were married at a fashionable Santa Rosa wedding prior to their leaving for Brazil.

STILL IN HOSPITAL

Mrs. Elizabeth Grilk, who was injured in a collision on the road between Woodland and Sacramento 10 days ago, is still in Woodland Hospital under the care of physicians. Miss Pat McLean, with whom the injured lady was riding when the mishap occurred, stopped to see her over the Thanksgiving holiday and is glad to report the patient is progressing nicely.

PROBATION IS BIG NUISANCE

A Willits Offender's Idea Is To "Take And End It"

Emma Quarteroni, of Willits, whose main trouble the past six months appears to have been an over-indulgence in liquor, last week, protested being granted probation for an alleged theft of some $650 from W. E. Thomas, of Willits, who is said to have given the woman the money after he had been assured by her she would be able to get a pardon for him.

Had A Boy Friend.

She then turned the money over to a man who purchased a motorcycle and Mrs. Quarteroni invested in a wrist watch for herself. The balance of the money, outside some $45 which was recovered from her purse was dissipated by the pair.

Wants It Over With.

Mrs. Quarteroni did not want probation because, she said, she would be compelled to report while on probation and did not want to have to do that. She expressed a desire to have sentence imposed on her and at once begin serving her sentence.

Lumber Shipments Found Increasing

(The Willits News)

Northwestern Pacific Railroad handled 379 carloads of finished lumber and other lumber products from the Redwood Empire in the week ended November 17, it was announced by W. J. Cummings, assistant general freight and passenger agent for the railroad. This compares with the same number of cars handled the week previous and with 294 cars in the same week of 1939, Mr. Cummings said.
